**An entry into Healthcare
professions and prevention
of shortage of Care workers
in Pankow**

Das Projekt **ZUKUNFT PFLEGE** wird gefördert aus Mitteln
des Europäischen Sozialfonds und der Senatsverwaltung für
Integration, Arbeit und Soziales im Rahmen der Bezirklichen
Bündnisse für Wirtschaft und Arbeit.

Are you interested in a career or vocational training in health care?

The list of opportunities is long, comprising of professions from Athletic Trainer, Nurse, Optician to Lab-Assistant.

Did you know that there are more than 60 professions in the healthcare sector?

Or do you come from abroad and you are looking to re-integrate into the German job market?

If you already know the healthcare sector, we can support you in the process of reintegrating or, if necessary, guide you through a professional reorientation. We can also offer you counselling on the recognition procedure of your foreign professional or high school qualifications.

We offer counselling in the following languages: German, English, French, Spanish, and Polish.

We support your career start!

Through individual counselling we will assist you in the process of reaching your professional goals. Your interests, skills, wishes and possibilities will always be in the spotlight.

In small groups we will talk about different job profiles, trends in the labour market, working conditions, salaries and promotion opportunities.

Together with our cooperation partners you will have access to first-hand knowledge, as well as direct contacts for internships, apprenticeships and Job placements.

Participation in the project is free of charge.

Interested? Get in touch with us!

Contact us on **030.81096180** or send an e-mail to **info@ayekoo.de**

We will set up an appointment to meet you, learn about your interests and discuss your participation in the project and set the next starting date.

About us

AYEKOO – arbeit und ausbildung e.V. has in the last 10 years specialized in accompanying people from all over the World on their way to obtaining a qualified job or vocational training aligned with Germany's labour market.
